Ms. Linda Bluestein
U.S. Dept. of Energy
1000 Independence Ave., S.W.
Washington, D.C. 20585

Dear Linda:

Once again, our many thanks for all your and DOE's hard work and effort with the recent FTD workshop.

I have enclosed the following information for consideration:

- EPA Presentation -- Cleaner Vehicles, Cleaner Fuel, Cleaner Air."
- EPA Website Information – "Heavy-Duty Engine and Vehicle Standards and Highway Diesel Fuel Sulfur Control Requirements."
- TACOM Report – "Alternative Fuels: Gas-to-Liquids as Potential 21st Century Truck Fuels." Paper available for a fee from SAE: http://www.sae.org/servlets/techtrack?PROD_TYP=PAPER.
- NREL -- Work with FTD.
- APEL IGFI Project with CO_2, Geosequestration, (Gas-to-Liquids News, August 2002).

We hope this information is helpful in adding to the "data base" in support of FTD's certification as on EPAct fuel.

Best regards,

David A. Sowards
Manager Business Development
