U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION

RECIPIENT: City of Charlotte **STATE:** NC

PROJECT TITLE: Center City Recycling Project FECBG

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:
Description:

B5.1 Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

Rational for determination:

As part of the Center City On-Street Recycling Program, the City of Charlotte proposes to use EECBG funds to purchase an electric vehicle to pick up recyclables from the recycling receptacles.

The proposed project will reduce the consumption of conventional fossil fuels, and is considered a "small-scale conservation" project under CX B5.1; therefore it is categorically excluded from further NEPA review.
