U.S. DEPARTMENT OF ENERGY
EERE PROJECT MANAGEMENT CENTER
NEPA DETERMINATION

RECIPIENT: City of Honolulu **STATE:** HI

PROJECT TITLE : EECBG Program - City of Honolulu, HI

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000013	DE-EE0000810	GFO-0000810-002	GO810

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:
Description:

B5.23 Electric vehicle charging stations	The installation, modification, operation, and removal of electric vehicle charging stations, using commercially available technology, within a previously disturbed or developed area. Covered actions are limited to areas where access and parking are in accordance with applicable requirements (such as local land use and zoning requirements) in the proposed project area and would incorporate appropriate control technologies and best management practices.

Rational for determination:

The U.S. Department of Energy (DOE) provided funding to the City of Honolulu, Hawaii under the DOE's American Recovery and Reinvestment Act of 2009 Energy Efficiency and Conservation Block Grant Program (EECBG). Honolulu proposes to use $8,000 to install one electric vehicle charging station.

The proposed project would install a level two electric vehicle charging station at Halawa Corporation Yard, located at 99-999 Iwaena Street, Aiea, Hawaii 96701 on the rooftop parking deck of Building D. Halawa Yard is a City public works facility. The proposed project would utilize an existing electrical disconnect switch and conduit from a previously removed charging station. The proposed charging station would not include any new trenching or wiring. City employees would utilize the charging station for the two electric vehicles in the fleet.

The proposed project would not have adverse effects on threatened and endangered species, wetlands, floodplains, or cultural resources, as these resources are not known to occur at the proposed sites. SHPO provided a determination of no adverse effect to historic properties.

Based on review of project information and the above analysis, DOE has determined that the installation of the proposed electric vehicle charging station would not have a significant individual or cumulative impact to human health and/or environment. DOE has determined the proposed charging station is consistent with the actions contained in DOE categorical exclusion B5.23 "Electric vehicle charging stations" and is categorically excluded from further NEPA review

Any further projects will require a separate NEPA determination review.

NEPA PROVISION

DOE has made a final NEPA determination for this award

Insert the following language in the award:

Note to Specialist :

Diana Scott 7.11.2012

DOE Funding: $8,000

SIGNATURE OF THIS MEMORANDUM CONSTITUTES A RECORD OF THIS DECISION.

NEPA Compliance Officer Signature: _____ Date: 7/19/2012
NEPA Compliance Officer

FIELD OFFICE MANAGER DETERMINATION

☐ Field Office Manager review required

NCO REQUESTS THE FIELD OFFICE MANAGER REVIEW FOR THE FOLLOWING REASON:

☐ Proposed action fits within a categorical exclusion but involves a high profile or controversial issue that warrants Field Office Manager's attention.
☐ Proposed action falls within an EA or EIS category and therefore requires Field Office Manager's review and determination.

BASED ON MY REVIEW I CONCUR WITH THE DETERMINATION OF THE NCO :

Field Office Manager's Signature: _____ Date: _____
Field Office Manager
