March 20, 2003

An agenda for the Geothermal Program Briefing, scheduled for March 20, 2003, at LBNL is attached below. The briefing is intended as an overview rather than a full program review. Therefore, we have been asked to limit attendance to no more than two representatives from each laboratory. Each speaker has been asked to address the following questions during their presentation:

- Where does the work fit within the overall structure of the Program?
- How does the work relate to the Program's goals?
- What are the work objectives?
- What is the scope of the work?
- How is the work organized and performed? Who are the performers?
- What has been accomplished, and what is planned to be accomplished in the future?
- What has been spent, and what is expected to be spent to achieve the objectives?

While a separate discussion of each project or activity within a work area is beyond the scope of this meeting, some activities of high priority or relevance can be highlighted. A complete listing of all projects (Title, Program area, PI, FY03 budget) should be provided.

Sincerely,

B. Mack Kennedy

## **DOE - Industry Geothermal Program Briefing**

**March 20, 2003**

**Room 100, Building 2  
Lawrence Berkeley National Laboratory  
Berkeley, CA**

### **Meeting Kickoff**

7:30 – 8:00 Continental breakfast.

8:00 - 8:05 Welcome, Introductions, and Announcements (Kennedy)

8:05 - 8:10 Purpose of Briefing (Mink)

### **Laboratory Programs - Lead Laboratories**

8:10 - 8:40 Idaho National Engineering and Environmental Laboratory  
(Renner)

8:40 - 9:10 National Renewable Energy Laboratory (Hoover for Nix)

9:10 - 9:40 Sandia National Laboratories (Hoover)

9:40 - 10:00 Break

### **Laboratory Programs - Support Laboratories**

10:00 - 10:20 Brookhaven National Laboratory (Berndt)

10:20 - 10:40 Lawrence Livermore National Laboratory (Kasameyer)

10:40 - 11:00 Lawrence Berkeley National Laboratory (Kennedy)

### **DOE Financial Assistance Programs**

11:00 - 11:30 University R&D (Nathwani)

11:30 - 12:00 Enhanced Geothermal Systems (Nathwani)

12:00 - 1:20 Lunch

1:20 - 1:40 Geothermal Resource Exploration and Definition - GRED  
(Hoover for Sanchez)

1:40 - 2:00 GeoPowering the West (Hill)

### **Program Discussion**

2:00 - 2:20 Geothermal Energy Association Perspective

2:20 - 2:40 Geothermal Resources Council Perspective

2:40 - 3:00 Summation (Mink)

3:00 End of Meeting
