

# National Renewable Energy Laboratory

*Innovation for Our Energy Future*

## Tell Us Your Ideas about NREL's Future

The U.S. Department of Energy (DOE) will conduct a public meeting September 18 to take comments about the upcoming competition for the National Renewable Energy Laboratory's (NREL) management and operating contract. The meeting at the Denver West Marriot, 1717 Denver West Boulevard, Lakewood, will be held in two sessions — 3-5 p.m. and 6-8 p.m. — with DOE providing a brief introduction on the laboratory and the competition process at the beginning of each session. Comments received will help shape the solicitation document, which will lay out DOE's expectations for the next 5 to 10 years.

If you wish to speak, please reserve a 5-minute slot when you arrive. If you cannot attend the meeting, you may send your comments directly to Steven L. Scott, DOE Golden Field Office, at [steve.scott@go.doe.gov](mailto:steve.scott@go.doe.gov).

If you have questions about the meeting or would like to RSVP to attend, please contact Eileen Jemison at 303-928-8529 or [eileen.jemison@go.doe.gov](mailto:eileen.jemison@go.doe.gov).
