Memorandum for File

Subject: Approval for Processing Conditional Awards with American Recovery and Reinvestment Act of 2009 (ARRA) Funds

Date: December 18, 2009

Because of the unprecedented exigencies dictated by the American Recovery and Reinvestment Act of 2009 (ARRA), this memorandum approves the use of conditional awards to expedite competitively selected new awards.

Given the ARRA priorities, it is understood that some ARRA awards may have full conditions with no release of funds, and some ARRA awards may have partial restrictions on the awards. Given the urgency of completing these ARRA awards, Contracting Officers, with their OCPM Project Officers, may determine the extent to which restrictions or special provisions will apply to these awards.

For any of these ARRA awards that are awarded conditionally, OAFA and OCPM will continue to work with the recipients to lift the conditions on the ARRA awards as soon as practicable.

During fiscal year 2008, this office will implement a new electronic, paperless procurement system called STRIPES. Upon implementation of STRIPES, ALL organizations currently doing or wanting to do business with this office MUST BE registered with the Central Contractor Registration (CCR) and with FedConnect. As a result, it is imperative that you read and react to information provided in the document entitled "CCR and FedConnect Registrations" on the above referenced PMC website.

The Financial Assistance Regulations, found at https://www.eere-pmc.energy.gov/forms.aspx, and the OMB Circulars, found at http://www.whitehouse.gov/OMB/circulars/index.html will assist you in understanding your requirements as an award Recipient.

You may incur pre-award costs 90 calendar days prior to award without prior approval or more than 90 calendar days with the prior approval of DOE. All pre-award costs are incurred at your risk (i.e., DOE is under no obligation to reimburse such costs if for any reason you do not receive an award or if the award is less than anticipated and inadequate to cover such costs). All costs must be allowable in accordance with the applicable cost principles.

If you will be unable to provide the information by the date requested or have any questions concerning the requested information, please contact Molly Hames, at 303-275-4864, molly.hames@go.doe.gov.

All projects receiving financial assistance from DOE must be reviewed under NEPA, for potential environmental impacts of the project. Funding for an award is contingent upon successfully completing the negotiations and obtaining the NEPA determination. You are restricted from taking any action using federal funds or your cost share funds, which would have an adverse affect on the environment or limit the choice of reasonable alternatives prior to DOE providing either a NEPA clearance or a final NEPA decision regarding the project.

If you move forward with activities that are not authorized for federal funding by the DOE Contracting Officer in advance of the final NEPA decision, you are doing so at risk of not receiving federal funding and such costs may not be recognized as allowable cost share.

This letter constitutes your debriefing for this Funding Opportunity Announcement.

On behalf of the Department of Energy, I would like to express a sincere appreciation of your interest and participation in developing the US bioindustry and look forward to initiating this worthwhile project.

Sincerely,

Fred Gerdeman
