

NOTICE OF AVAILABILITY

The U.S. Department of Energy (DOE) has issued a Finding of No Significant Impact (FONSI) and Floodplain Statement of Findings based on completion of an Environmental Assessment (EA) that analyzed the potential environmental impacts associated with the:

**Myriant Succinic Acid Biorefinery Demonstration Project
Lake Providence, East Carroll Parish, Louisiana
DOE/EA 1787**

DOE's Golden Field Office has prepared a Final EA, including wetland and floodplain assessments, in accordance with the National Environmental Policy Act (NEPA) and 10 CFR 1022. Myriant Lake Providence, LLC, is proposing to use Federal funding to construct and operate a demonstration-scale facility to convert grain sorghum grits and lingocellulosic feedstock to succinic acid on an industrial site in Lake Providence, Louisiana. The FONSI (including the Floodplain Statement of Findings) and Final EA are available for review on the DOE Golden Field Office website:
