

NOTICE OF AVAILABILITY

The U.S. Department of Energy (DOE) has issued a Finding of No Significant Impact (FONSI) based on completion of an Environmental Assessment (EA) to describe and evaluate the potential environmental impacts associated with the:

**HAXTUN WIND ENERGY PROJECT,
LOGAN AND PHILLIPS COUNTIES, COLORADO
(DOE/EA-1812)**

DOE's Golden Field Office has determined that allowing Phillips County to provide Federal funding under the *American Recovery and Reinvestment Act of 2009* State Energy Program to Haxtun Wind, LLC for the construction of a 30 MW wind farm in Logan and Phillips County, Colorado would not constitute a major Federal action significantly affecting the quality of the human environment within the meaning of the National Environmental Policy Act. The FONSI and EA are available for review on the DOE Golden Field Office and DOE NEPA websites:
