**U.S. DEPARTMENT OF ENERGY  
EERE PROJECT MANAGEMENT CENTER  
NEPA DETERMINATION**

**RECIPIENT:** Arizona Department of Commerce SEP ARRA EE0000106-Schletter, Inc.

**STATE:** AZ

**PROJECT TITLE :** State of Arizona SEP ARRA EE0000106 - Manufacturers' Energy-Efficiency Grant Assistance (MEGA) Program

<b>Funding Opportunity Announcement Number</b>	<b>Procurement Instrument Number</b>	<b>NEPA Control Number</b>	<b>CID Number</b>
	EE0000106	GFO-10-539	0

**Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:**

**CX, EA, EIS APPENDIX AND NUMBER:**

**Description:**

**B5.1** Actions to conserve energy, demonstrate potential energy conservation, and promote energy-efficiency that do not increase the indoor concentrations of potentially harmful substances. These actions may involve financial and technical assistance to individuals (such as builders, owners, consultants, designers), organizations (such as utilities), and state and local governments. Covered actions include, but are not limited to: programmed lowering of thermostat settings, placement of timers on hot water heaters, installation of solar hot water systems, installation of efficient lighting, improvements in generator efficiency and appliance efficiency ratings, development of energy-efficient manufacturing or industrial practices, and small-scale conservation and renewable energy research and development and pilot projects. The actions could involve building renovations or new structures in commercial, residential, agricultural, or industrial sectors. These actions do not include rulemakings, standard-settings, or proposed DOE legislation.

**Rational for determination:**

The State of Arizona will provide \$500,000 in Recovery Act funds to Schletter, Inc for the purchase and installation of equipment required to expand its manufacturing capabilities and product lines. The work will be conducted at Schletter's facilities located at 3761 E. Farnum Pl., Tucson, AZ 85706

The equipment purchases will include a large format automated punching machine and a tumble belt blast cleaning machine. The equipment purchases will allow for shorter fabrication timelines and enable Schletter to conduct more of the manufacturing in house rather than purchase items from outside vendors. The work will not increase the footprint of the facility; the new manufacturing capabilities will not require new plant operation permits. The State and recipient has assured DOE that execution of the work and subsequent operation of the facility will comply with all applicable Federal, state and local regulations for waste disposal.

In view of the information provided by the State and recipient, DOE has determined that the work outlined is consistent with activities identified in Categorical Exclusion B5.1 "Actions to Conserve Energy".

**NEPA PROVISION**

DOE has made a final NEPA determination for this award

Insert the following language in the award:

Insert the following language in the award:

You are required to:

provide the DOE project officer with the necessary documentation and assurances that execution of the work and subsequent operation of the facility will comply with all applicable Federal, state and local regulations for waste disposal.

Note to Specialist :

According to the project officer, funding for this project is \$500,000. Absent a significant change in the scope of this effort, a change in funding will not affect my determination.
