PROJECT TITLE : Solar America Cities Technical Outreach Program

Funding Opportunity Announcement Number	Procurement Instrument Number	NEPA Control Number	CID Number
DE-FOA-0000086	DE-EE0003525	GFO-10-390	EE3525

Based on my review of the information concerning the proposed action, as NEPA Compliance Officer (authorized under DOE Order 451.1A), I have made the following determination:

CX, EA, EIS APPENDIX AND NUMBER:

Description:

- A11** Technical advice and planning assistance to international, national, state, and local organizations.
- A9** Information gathering (including, but not limited to, literature surveys, inventories, audits), data analysis (including computer modeling), document preparation (such as conceptual design or feasibility studies, analytical energy supply and demand studies), and dissemination (including, but not limited to, document mailings, publication, and distribution; and classroom training and informational programs), but not including site characterization or environmental monitoring.

Rational for determination:

ICLEI-Local Governments for Sustainability proposes to use federal funding for education and outreach to successfully generate a significant increase in the amount of solar energy use across the country.

This project will include project discovery, compilation and refinement of best practices and existing knowledge, dissemination of existing knowledge, modular tools and training curriculum, custom technical assistance and education, Solar America Cities designation process, program communications, and program management.

This project will take place indoors within existing facilities and will involve the use of education and outreach to other communities; therefore a CX A9 & A11 will apply.
